

TSBA

Business Affiliate Program

TSBA has established one more opportunity for the community to get involved in supporting children through the association's Business Affiliate Program. The Business Affiliate Program makes it easier for businesses that work with school boards to reach their target audience.

Who are Business Affiliates?

Business Affiliate membership is extended to businesses and organizations providing goods and services to Tennessee's school systems. Business Affiliates are crucial to TSBA's efforts to improve education across the state because they work with school boards to improve educational opportunities for children. Business Affiliates must receive high recommendations from boards they already serve.

How does being a Business Affiliate benefit a company?

There are numerous tangible benefits from partnering with TSBA in our Business Affiliate program, but most of all school boards know that Business Affiliates have worked successfully with other boards. Becoming a Business Affiliate gives reputable companies credibility with boards or school system personnel who make decisions regarding products.

How does a company become a Business Affiliate?

TSBA is committed to having the highest quality companies as Business Affiliates. To become eligible, companies must have recommendation letters from three boards of education in Tennessee. The program makes choosing a vendor easier for school systems. If school systems have companies they would like to recommend as a Business Affiliate, please contact: TSBA at 615-815-3900.

How is the program organized?

- ➔ There are five different levels of involvement in the Business Affiliate Program - **Business Affiliate**, Silver Business Affiliate, **Gold Business Affiliate**, **Platinum Business Affiliate**, and **Premier Business Affiliate**.
- ➔ Membership benefits begin January 1 and end December 31 of each year. Each level of membership offers a package of benefits, one of which is sure to be the perfect fit for your company.
